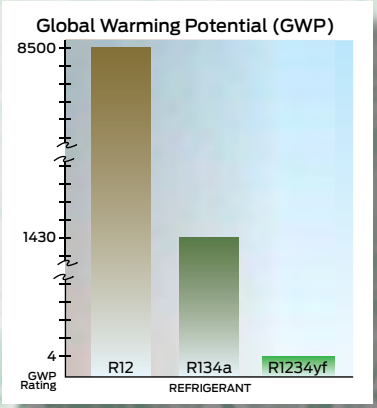
New R1234yf Servicing Requirements

Ford Motor Company will begin phasing in the new refrigerant, "R1234yf", into our U.S. vehicle lineup. This new refrigerant has already been implemented by several other OEMs both in the U.S. and Europe, including Ford, and is already implemented in the Transit, Mustang and Edge in Europe. It obtains similar vent temperatures as R134a systems and has similar system pressures.

Dealerships can expect to receive R1234yf equipped vehicles by the end of April 2016.
The main reason for this change is due to its strong environmental benefits.
See the Global Warming Potential (GWP) rating table below.

We are expecting high volume orders over the next several months. We recommend that Dealerships purchase the needed equipment ASAP so the equipment is on-hand upon vehicle arrival.

NOTE: R134a equipped vehicles are projected to be in service for quite some time. R134a servicing equipment will still be needed. It is crucial that dealerships continue to maintain R134a service capability.



R1234yf Equipment Requirements

SERVICE MACHINE: R1234yf systems use a completely different service port fitting to prevent contamination between different refrigerants which is crucial to maintain proper A/C operation. A new R1234yf service machine must be used when servicing the refrigerant. Rotunda currently offers two machines that have passed our rigorous real-world testing. These machines are:

- **Robinair** "023-AC1234-6" (see page 4)
- **Flo Dynamics** "199-FFX1234" (see page 6)

UNIQUE FEATURES: R1234yf service machines perform certain procedures and functions that were either optional or didn't exist with R134a machines. For this reason, servicing R1234yf is expected to take slightly longer than with previous refrigerants. Please refer to SAE standard J2843 for more details on machine changes, here are just a few highlights:

- R1234yf machines will include an integrated refrigerant identifier which simplifies the already existing identification process
- R1234yf machines serve as a "Hybrid Ready" A/C machine. This means that they contain a hose flush function and will **NOT** perform automatic oil injection
- Each machine will perform a pre-charge vacuum decay and a 15% charge leak test. This is a mandatory test per the SAE standard

OIL INJECTORS: Unique service ports and required manual oil injection will require the use of two oil injectors designed specifically for R1234yf ports. One injector will be used for PAG oil (non-Hybrid vehicles) and the other injector for POE oil (Hybrid/EV).

LEAK DETECTORS: Certified R1234yf leak detectors are available through Rotunda. These are required to meet SAE standard "J2913". All of these detectors work with both R1234yf and R134a systems. Previously purchased versions of these leak detectors will work with both refrigerants.

TRAINING: The web-based training course "35S04W0" will be updated in the near future with a new R1234yf training section. Completion of this section within the new course 35S04W1 will be required to maintain Climate Control certification. Monitor STARS for release updates.

Log on to www.OneRotunda.com to view the complete list of R1234yf Approved equipment.

SUPPLIED BY: **ROBINAIR**

Robinair R1234YF A/C Refrigerant Service Machine

Item #023-AC1234-6

023-AC1234-6
$5,770
Regular $6,011

FEATURES

- Fully automatic operation. Program for service walk away and return when complete
- 95% recovery efficiency
- Programmable vacuum operation helps get to the necessary vacuum level in any condition quickly
- System leak test to identify gross leaks in a system
- Charge accuracy within +/- ½ oz.
- Automatic oil drain shows how much oil was removed from the system during service
- Automatic air purge removes the potential of air accumulating in the internal tank
- Integrated refrigerant identifier (meets SAE J2927)
- Automatic internal tank refill. No stopping to fill the internal tank during service or before service
- ¼ color VGA display. Large easy to read graphical display
- On-board printer capable of printing vehicle service report slips to present to customers

SPECIFICATIONS

- **Operating voltage – 103-127V 60Hz**
- **100mm EN837-1 pressure gauges**
- **Alpha-numeric keypad with service function keys**
- **1.5 cfm dual-stage vacuum pump**
- **1/3 hp hermetic compressor**
- **22 lb. ASME internal storage tank**
- **USB SD and RJ45 I/O ports**
- **8 ft. SAE J2888 service hoses with 1234YF high- and low-side system couplers**
- **Meets all requirements of SAE J2843**

Also Available

023-18460 Oil Injector for R1234YF A/C Systems
$123 Regular $129

023-17499 Dust Cover for A/C RRR Machines; Fits AC1234-6, 34788Ni and 34788Ni-H Models

$59 Regular $63

SUPPLIED BY: **CLIPLIGHT MANUFACTURING**

A/C Flushing Kits

CLIPLIGHT

Adapters required to perform an A/C flush – conforming to new Ford warranty standards

Compatible with all Rotunda A/C flush machines – quick payback benefits

– KIT 1 –

Item #219-00082

219-00082
$420

FEATURES

- All Ford/Lincoln/Mercury vehicles from 1980s to years covered in KIT 2
- 33 fittings, hose, spring locks, accessories
- Heavy-duty carrying case

– KIT 2 –

Item #219-00083

219-00083
$362

FEATURES

- Fusion/Milan/MKX: 2012
- Edge/MKX: 2006-2011
- Explorer/Mountaineer: 2006-2011
- 16 fittings, hose, accessories
- Heavy-duty carrying case

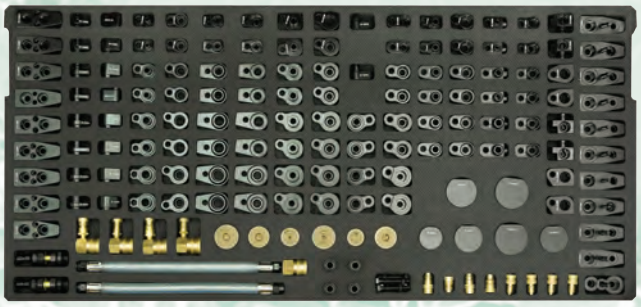
– KIT 3 –

Item #219-00084

219-00084
$1,581

FEATURES

- All Ford/Lincoln/Mercury vehicles from years in KIT 2 to present
- 170 fittings, hose, spring locks, accessories
- Sleek aluminum carrying case



A/C Flushing Adapter KIT 3 shown

Item #219-4Q15A

SPECIAL: 10% OFF
when ordering all three KITS.

219-4Q15A
$2,124
Regular $2,363

NOTE: Dealers should own all 3 KITS to flush all vehicles

- Avoid costly customer comebacks and warranty chargebacks
- Increase customer satisfaction

SUPPLIED BY: MAHLE TECHNOLOGIES

FSE PICK 357-4Q15A

ACF-3100 A/C Component Flush and Purge System

Item #357-4Q15A

357-4Q15A
$2,620
Regular $2,770

NEW & IMPROVED

FEATURES

- **Emits less solvent odor than previous model** flushers and cleans individual A/C system components by removing dirt, oil and debris that can damage A/C systems
- An A/C flush is a critical process that provides the best protection in preventing repeat repairs to an A/C system after a compressor failure
- Utilizes a closed loop process to circulate Motorcraft YN-23 flushing solvent through components to flush out contamination
- Simple to operate, it uses shop air and can be operated unattended during a component flush cycle
- Designed to connect to the inlet and outlet ports of an A/C system component
- All A/C flushers sold through Rotunda are designed to only use the Motorcraft YN-23 solvent as specified in workshop manual repair procedures
- The ACF-3100 is designed to connect to A/C components "on-vehicle" using the specified adapters

The Mahle universal A/C fitting adapter kit is not approved by engineering and is not included with the Rotunda ACF-3000 or ACF-3100. **To ensure being able to flush A/C components "on-vehicle" use Cliplight adapter kits 219-00082, 219-00083 and 219-00084 that are recommended to be used and are purchased separately. See page 4.** These adapter fitting kits are provided by Cliplight with replacement filter packs being offered by Mahle. Replace ACF-3100 filters as recommended in the Operation Manual.

Works in conjunction with Cliplight Adaptors

(See page 4)

Purchase a MAHLE ACF-3100 (357-405-80004000) and 2 sets of Replacement Filter Kits (357-305-800-40-00) and receive $150 OFF!

SUPPLIED BY: **FLO DYNAMICS**

R1234 A/C Refrigerant Management Center

Item #199-FFX1234

199-FFX1234
$6,495
Regular $6,837

FEATURES

- Faster recovery with a 2/3 hp oilless compressor
- Easy to navigate 7" touch screen color display
- 6 cfm vacuum pump
- 50-lb. recovery tank
- Recovery rate = 1-lb./min.
- Thermal printer included to document data for warranty or customer verification
- On-the-fly "Measurement Units" change
- Refrigerant loss protection
- Patented motor-controlled ball valves
- Built-in identifier
- Supports multiple languages
- Hybrid compatible
- Setup and training provided
- Free lifetime technical support with an 800 number
- 1-year warranty
- Made in USA!

Touch screen color display

Also Available

199-FFX134a R134a Refrigerant Management Center. This machine includes a vehicle A/C database.

Model RI-2012yfp Refrigerant Analyzer

Item #198-RI2012yfp

The Neutronics Ultima ID model RI-2012yfp Refrigerant Analyzer will provide a fast, easy and accurate means to determine refrigerant purity in refrigerant storage cylinders or directly in vehicle air conditioning systems.

FEATURES

- Built-in printer for easy customer billing
- Built-in rechargeable battery
- Large graphics display for easy reading/operation
- Rugged portable case
- R1234yf and R134a sample hoses
- R1234yf and R134a adapter fittings for ACME ported cylinders
- AC power supply

SPECIFICATIONS

- **Refrigerants** – R134a, R1234yf, R22, HC, Air
- **Test Time** – 90 seconds
- **Calibration** – Automatic
- **Interface** – USB (SAE J2843 compliant)
- **Sample Type** – Vapor only 300 psig max
- **Temperature** – 50° - 120° F
- **Certifications** – UL, CE, SAE J2912

FLUSH, LUBRICATE AND REPAIR A/C SYSTEMS WITH CONFIDENCE

NEW

A/C FLUSH MACHINE WITH DUAL-TANK AND SOUNDSILENCE™ TECHNOLOGY

Performs Ford's 15-minute Flush, 30 minute drying procedure

Air Drying System ensures a max dry Air Purge Cycle
Helps prevent A/C repair comebacks

Proprietary anti-misting fluid flow system with charcoal filtration reduces solvent fumes

SoundSilence™ technology significantly reduces noise
Our air flow management system prevents flushing unless flush/purge settings are in the correct position

Easy, low-cost maintenance -- 1234yf and R134a compatible

A/C Flush Machinewith Dual-Tank and SoundSilence™ Technology	258-40001
Replaceable Filter Pack	258-40010

Motorcraft Spin-on Filter available from Ford/Lincoln Parts Department	FL-1A
Rotunda A/C Flushing Solvent	YN-23

NOTE: Purchase from your parts department.

258-40001 $1,997

258-40010 $123

HIGH SIDE PORT EXTENDER

1234yf and R134a Refrigerants

Fits deep-seated or standard High Side A/C Service ports
Eliminate radiator support removal
Less component R&R needed
Quick-connect

258-90003 258-90007 $63

R134a High Side Port Extender	258-90003
1234yf High Side Port Extender	258-90007

PROFESSIONAL GRADE A/C OIL AND DYE INJECTOR

1234yf and R134a Refrigerants

Large sight glass for accurate measurement
Double the injection pressure of standard tools (up to 230 psi)
Easy to read oil/dye measurement scales
Durable, all-steel construction

258-90024 $137

Large Oil Injector - Includes 5" hose and quick connect coupler for 1234yf and 5" hose and quick connect coupler for R134a 258-90024

ULTI-FLEX PRESSURE SPRAY TOOL™

For Use with Motorcraft A/C Odor Abatement Product

The only way to apply Motorcraft Cooling Coil Coating (YN29)
Can be used to spray other automotive fluids
Bend to fit any configuration
Use with shop air for fast application and powerful cleaning action
Durable metal construction with protective sheathing

Ulti-Flex Pressure Spray Tool 258-62644

NOTE: Order Motorcraft A/C Cooling Coil Coating (part #YN-29) at parts counter. See vehicle A/C odor treatment for details.

258-62644 $106

AIRSEPT®

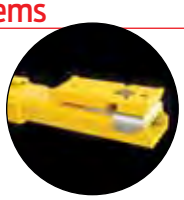
SUPPLIED BY: ROTARY LIFT

TRIO ARMS ON 2-POST LIFTS!!
2-Piece, Low-Profile Arm Design With More Reach!!

138-SPOA10-FA-TRIO
10,000-lb., two-post lift with Trio arms and flip-up adapters. Shown with optional accessories.

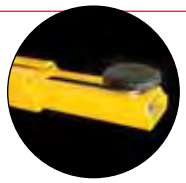
FEATURES
- New Trio™ Arms have more reach and retract shorter than standard arms, allowing the lift to accommodate a broader range of vehicles
- Adapters are interchangeable on the same arm: the flip-up adapter, polymer round adapter, or frame-contact truck adapter all fit in the same slot
- Same great Rotary features including optional Shockwave-equipped power, user-friendly arm restraints, Rotary-built power units, cylinders in both columns, adjustable-height options, and all the rest

Items



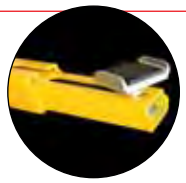
138-SPOA10-FA-TRIO
10,000-lb. asymmetric 2-post lift, Trio arms, flip-up adapters

138-SPOA10-FA-TRIO $4,216 Regular $4,303



138-SPOA10-RA-TRIO
10,000-lb. asymmetric 2-post lift, Trio arms, rubber adapters

138-SPOA10-RA-TRIO $4,216 Regular $4,303



138-SPOA10-TA-TRIO
10,000-lb. asymmetric 2-post lift, Trio arms, truck adapters

138-SPOA10-TA-TRIO $4,216 Regular $4,303

Also Available
138-SPOA10 10,000-lb. asymmetric 2-post lift
$3,725 Regular $3,927

SUPERCHARGE YOUR LIFT WITH SHOCKWAVE™ NOW AVAILABLE ON 4-POST LIFTS! ONLY FROM ROTARY!

SHOCKWAVE-EQUIPPED LIFTS FEATURE
- 2X Faster Rise and Descent compared to standard lifts
- Patent-pending DC power (2 standard, Group 24 batteries not included)
- Spotline™ motion-activated laser helps spot vehicles on first try
- Built-in charger uses 110v power, eliminating need for expensive 220v connection

138-SM014L-SW
Shown with optional accessories.

SHOCKWAVE EQUIPPED

ALSO WITH THESE GREAT STANDARD 4-POST FEATURES
- Powder-coated hammer tone paint finish improves durability and paint life
- Louvered ramps with polymer rollers, improves traction when pulling on and rollers protect shop floor
- NEW higher rise of 78"

Items

138-SM014L-SW
14,000-lb. drive-on lift, open front, 182" wheel base, Shockwave equipped

138-SM014L-SW $7,449 Regular $7,602

138-SM014EL2-SW
14,000-lb. drive-on lift, open front, 215" wheel base, Shockwave equipped

138-SM014EL2-SW $7,767 Regular $7,927

138-SM14L
14,000-lb. drive-on lift, closed front, 182" wheel base

138-SM14L $4,785 Regular $4,883

SUPPLIED BY: CHALLENGER LIFTS

10,000-Lb., 2-Post Lift

Item #223-CL10V3

223-CL10V3 $3,916 Regular $4,080

FEATURES

- Exclusive Versymmetric® Technology
- 3-stage front and rear arms
- Single-sweep spotting accommodating all Ford vehicles ranging from a Fiesta to F-150

223-CL10V3
Two-post Lift
10,000-lb. capacity

BONUS – Purchase the 223-CL10V3-2 which includes a 2' height extension. Great for increasing overhead clearance for taller vehicles for an additional $120! (Save $439)

$4,036 Regular $4,475

10,000-Lb. Lift Featuring Quick Cycle™

Quick Cycle provides a simple way to increase rise and descent speed.

Item #223-CL10V3-QC

223-CL10V3-QC $4,724 Regular $4,921

FEATURES

- Includes everything on the 223-CL10V3 and ...
- Quicker raise and lowering speeds
- 27 seconds up and 17 seconds down (fast)

BONUS – Purchase the 223-CL10V3-QC-2 which includes a 2' height extension. Great for increasing overhead clearance for taller vans for an additional $120! (Save $472)

$4,844 Regular $5,316

15,000-Lb., 2-Post Heavy-Duty Cargo Vehicle Lift

Item #223-15000-3S

223-15000-3S $12,078 Regular $12,582

FEATURES

- Designed to reach the lifting points on Transit Cargo Vans
- 3-stage front and rear arms giving both extended reach and retraction
- Standard lifting height

FSE PICK 223-15002-3S

BONUS – Purchase the 223-15002-3S which includes a 2' height extension. Great for increasing overhead clearance for taller vans for an additional $120! (Save $749)

$12,198 Regular $12,947

12,000-Lb. Capacity 2-Post Symmetrical Lift

Why limit your bay to trucks only?

Item #223-CL12

NEW

223-CL12 $6,139 Regular $6,395

FEATURES

- 3-stage front and rear arms providing maximum extension, retraction and lower profile
- Will accommodate any Ford vehicle from a Fiesta to F-450 Super Duty®
- Heavy-duty lifting featuring a 60" lifting carriage assembly and 5" steel pulleys

223-CL12
Two-post Lift
12,000-lb. capacity

BONUS – Purchase the 223-CL12-2 which includes a 2' height extension. Great for increasing overhead clearance for taller vehicles for an additional $120! (Save $466)

$6,259 Regular $6,725

9,000-Lb., 2-Post Lift With Pad Adaptor and Flip-Up Ramps

Item #223-CL10-XP9-QC

223-CL10-XP9-QC $6,650 Regular $6,928

What you need for express service!

FEATURES

- Quick service with 9000-lb. lifting capacity
- Low-profile pad design will accommodate both small and long wheel base trucks
- Easy vehicle spotting
- Fast with Quick Cycle technology, up in 27 seconds and down in 17 seconds
- Backwards compatible to any existing 223-CL10V3
- Rubber spot blocks included

BONUS – Purchase the 223-CL10-XP9-QC-2 which includes a 2' height extension. Great for increasing overhead clearance for taller vehicles for an additional $120! (Save $553)

$6,770 Regular $7,323

Greater Profit & Productivity Through Innovation

HawkEye Elite® Alignment System

Hunter's HawkEye Elite® systems elevate alignment service to a new level of productivity.

Patented QuickGrip™ adapters and three-dimensional targets work with high-resolution camera sensors and the most powerful alignment software in the industry to help shops take full advantage of one of the most profitable auto services.

006-WA484CMDRE
$27,253
Complete Alignment Package

006-WA484CMDRE
Premium WinAlign alignment console with 27" display and cabinet-mounted HawkEye Elite sensors

FEATURES

- An extensive vehicle information database and vehicle-specific adjustment features simplify alignment procedures for fast, accurate and efficient service
- Four high-resolution cameras capture measurements and provide instant adjustment updates on-screen
- 3D modeling of wheel position provides the most accurate alignment measurements
- Exclusive QuickComp® compensates all four wheels and captures initial measurements in one roll-forward motion
- Detailed color printouts help explain needed repairs and document completed work
- Fully Integrated Alignment (FIA) minimizes steps and streamlines the alignment process by automating manual tasks and simplifying procedures
- Award-winning CodeLink® steering system reset device and a VIN bar code scanner come standard
- Choose from a variety of consoles and sensor configurations to fit your shop space

Additional consoles and sensors available, including

WinAlign® Consoles PRICES AS LOW AS
$10,710

006-HE421FC

SET UP IN SECONDS WITH QUICKGRIP™ ADAPTERS

- Adjusts easily to various wheel sizes
- Simple, one-touch lock lever — no knob twisting
- Safely grips tire tread — no metal-on-metal contact
- No electronics at the wheel
- Lightweight, compact design
- Shop-tough polymer construction

Hunter systems exclusively offer seamless integration with the Ford Professional Technician Society (PTS) website, giving technicians "one-click" access to all PTS information.

Hunter has additional alignment consoles, sensors, and accessories available.
Contact your Rotunda Representative for more information and pricing.

RX Scissor Lift

Hunter RX Scissor Lifts require minimum bay space, provide clear access to the vehicle and jacks, and offer many optional features to improve productivity.

006-RX10T-IS

006-RX10T-IS
$26,287

FEATURES

- Space-saving design
- Available in 10,000-, 12,000- and 16,000-lb. capacities
- FIA equipped on select models
- Optional PowerSlide® auto-locking turnplates and slipplates
- Optional Inflation Station integrated tire inflation
- Optional AlignLights under-vehicle lighting system

Save more space with a flush-mount installation.

Flush-mount installation is available for all RX models.

Hunter has additional lift models, configurations and accessories available.
Contact your Rotunda Representative for more information and pricing.

Quick Check® Inspection Systems

006-QC71DRE
006-QC72DRE
006-QC73DRE
$21,643
Regular $22,312

The Hunter Quick Check® inspection system performs a comprehensive vehicle inspection in under two minutes. Valuable information about a vehicle's alignment, brake performance, battery health, emissions, and tire health can be handed to customers as they wait. Quick Check allows shops to carefully examine every vehicle that comes to the service lane, increasing revenue and improving customer retention.

FEATURES

- High-resolution digital cameras measure angles with pinpoint accuracy
- QuickGrip® adaptors set up in seconds
- QuickComp™ compensates wheels and captures measurements with one forward roll
- Bar code scanner instantly enters a vehicle into the system to recall specs
- All results printed automatically
- Easy-to-understand, color-coded printouts help explain needed service and gain more repair authorizations

006-QC71DRE
Quick Check Drive-Thru configuration

Quick Tread™ Inspection Systems

Driven by Hunter's award-winning WinAlign® software, Quick Tread™ — Hunter's new drive over tread depth unit — automatically measures the tread depth of each tire in seconds.

FEATURES

- Much faster and more accurate than manual inspection
- Captures tread depth information on all vehicle traffic
- Takes 280,000 readings per tire and automatically detects and measures depth for up to six tread grooves
- All measurements are processed on-site in seconds. No Internet connection is required to process measurements and there is no recurring monthly charge
- Results are displayed on both the console and easy-to-understand printout that recommends tire replacement by showing a 3D model of the customer's actual tread
- Multiple, easy-to-understand printout options are available for Hunter's Quick Tread unit to help sell tires
- All tread depth data is stored to create a customer history for your tire marketing efforts, such as, documenting a customer's tire wear over time allowing for a consultive sales approach

Superior Wheel Service at Your Fingertips

Road Force Touch® GSP9700

FSE PICK 006-RFT31DRE

006-RFT31DRE $16,184

Item #006-RFT31DRE

FEATURES

- Road Force® roller mimics how a wheel performs under the load of a vehicle to find and solve hidden causes of vibration and vehicle pull
- ForceMatching® locates the stiffest area of a tire and the lowest spot on a rim to be marked and match-mounted to cancel radial-force vibration
- StraightTrak® measures pull forces in tires and recommends wheel placement to cancel vehicle drift. Now measures individual tire pulls!
- eCal™ auto-calibration provides true "self-calibration" without any input from the operator
- CenteringCheck® verifies proper wheel centering to eliminate setup errors and ensure an accurate balance
- Laser-guided weight placement speeds service with a standard BDC laser and an optional HammerHead TDC laser

006-RFT31DRE
Road Force Touch Balancer with wheel lift, ink jet printer and AutoClamp system

Also Available

006-RFT13DRE Road Force Touch balancer, ink jet printer, Hammerhead TDC laser and wheel lift
Regular $15,451

006-RFT33DRE Road Force Touch balancer, ink jet printer, Hammerhead, AutoClamp system and wheel lift
Regular $16,862

The Road Force Touch provides complete wheel diagnostics as fast as a traditional balancer and features a touchscreen interface to simplify operation.

Revolution™ Tire Changer

Item #006-TCR1

006-TCR1 $27,830

Hunter's new Revolution is a fully-automatic tire changer that simplifies tire changing for all assemblies. Simply load the tire, set dimensions and watch it work!

FEATURES

- Full-automatic operation eliminates requirement for skilled operator and reduces the experience gap within tire-changing teams
- Intuitive touchscreen interface indicates operator's current step and monitors progress throughout the procedure
- Powerful press arms adjust automatically when diameter is set
- Leverless tool head's demounting hook automatically deploys, catching and lifting the bead with ease

006-TCR1

TCX57 Tire Changer

FSE PICK 006-TCX57

006-TCX57 $11,643

Item #006-TCX57

The new Hunter TCX57 Maximum-Duty tire changer is a strong, capable system, handling a wide range of work: from 19.5 and skid steers to performance and runflats.

FEATURES

- Enhanced adjustable tabletop provides a 6- to 30-inch clamping range
- All tabletop jaws adjust simultaneously for mistake-free clamping
- Patented bead press system eases clamping, lubricating, demounting and mounting tough wheel and tire combinations
- Powerful swing arm column reduces footprint by 30% compared to tilt-column systems

006-TCX57

Hunter has additional wheel balancers, tire changers and accessories available.
Contact your Rotunda Representative for more information and pricing.

SUPPLIED BY: **AMMCO**

Brake Lathe

Item #104-4Q15A

FEATURES

- Massive spindle, supported on wide centers by oil-fed bronze journal bearings, dampens vibration and contributes to legendary service life
- Variable spindle speed and feed rates for optimum surface finish on diverse applications
- Machines rotors up to 14.5" in diameter and up to 19.5" with optional crossfeed extension
- Large diameter, tubular cross-slide, on wide centers, for maximum vibration dampening and minimal service requirements
- Fast change over from rotors to drums
- Double tapered arbor gives maximum support and quick change to optional arbors if desired
- Motor enclosed in mainframe for maximum service life

FSE PICK 201-A10-6ADP

Warthog Lathe Package

Item #201-A10-6ADP

201-A10-6ADP
$10,486
WITH TRADE-IN
Regular $14,986

Package includes: A10 Warthog with 2193 Trolley (201-A10-BASE-IBT)
6 Adapter Kit (201-50-6ADP)
Accessory Kit (201-50-ACC)

Price includes
$500
Instant Rebate!

SAVE $4,500

FEATURES

- DRO computer with digital display of live run-out and "odometer" readings that provide motor hour, number of cuts, average comp time, and ROI data
- Speed-Lock cutting head requires no hand tool set-up and adjusts with one hand. Set-up is faster and more accurate with fewer hassles for the technician
- Fixed post, disc-lock trolley provides a wider base for greater stability, and new carriage design for perfect zero-gravity effect
- 1.0HP motor has all the power you'll need and the convenience of a 110v electrical supply
- Over-sized lathe body with built-in handles on both sides of the lathe makes it easy to manipulate. Deeper reach and 8 lbs. of extra mass allow for quieter cuts on any vehicle
- PTO drive and external gear box provide 2X the start-up torque. Great for all-wheel drive vehicles

6 Adapter Kit

Accessory Kit

2-Year WARRANTY

Purchase the Pro-Cut Warthog Lathe Package (201-A10-6ADP) and you will be entered in a drawing to win a 3-day cruise for 2 from Pro-Cut. (Not a Ford sponsored event.)

Efficient Shop Heating

Save Money and Increase Productivity

Is your dealership doing everything it can to run efficiently?

Efficiency can come in the form of having great Managers, Technicians, Salesman, etc., but it can also come from using equipment that is able to perform an everyday simple task in a very cost effective manner.

Waste Oil Heaters, High Velocity Low Speed (HVLS) Fans, and Destratification Fans are easy choices when it comes to heating and cooling a dealership efficiently. Rotunda strongly recommends these products to all dealerships. For your benefit, we will provide a brief overview of these cost savings products. You should also refer to these product advertisements located on the next few pages.

Waste Oil Heaters

Don't spend large amounts of money to run old shop heaters. Install a waste oil heater system and fuel your heaters with waste oil that you may currently be paying money to dispose of! These high tech heaters run off of waste oil that your shop collects every day. EnergyLogic is the only Rotunda recommended waste oil heater manufacturer on the market. Their equipment is simple, extremely efficient and can be installed in just a few hours! ***The return on investment is astounding*** and highly recommended for any shop that requires heating during those cold weather months.

High Velocity Low Speed (HVLS) Fans

Big fans with great air output! ***Great for use in both cold and hot weather days***, these fans can produce a huge amount of air flow with minimal costs to maintain and operate. They are available in several different sizes to accommodate specific needs. This will help make Technicians more comfortable and ultimately more productive! They can also be installed in service drives to provide comfort to customers.

Destratification Fans

Destratification is the process of eliminating layers of heat that are naturally formed, often one on top of the other. Hot air from a shop's heating system collects at the highest points of ceilings causing the heating system to work extra hard to maintain a proper temperature at the floor level (where the comfort is desired). ZOO fans can be installed on shop ceilings to push wasteful pockets of heat stored at high points down to the ground and ***allow heating systems to operate at a much more efficient level*** which will save drastic amounts of heating costs in the winter!

Waste Oil Heaters typically pay for themselves in 1-2 years!

See our supplier advertisements on pages 16–18.

NEED ASSISTANCE?

Contact your Ford Field Service Engineer or your Rotunda Area Sales Manager for an on-site evaluation!

SUPPLIED BY: **ENERGYLOGIC**

Heat for Free All Winter Long

Reverse your heating bill by partnering our HVLS fan and waste oil heater together to redistribute warm air trapped on the ceiling down to the shop floor.

EnergyLogic Waste Oil Systems:

- + Burn the widest range of fuels, with no manual adjustments
- + Have 2x the heat rise of competing models
- + Include an on-board air compressor
- + Longer maintenance intervals

Panasonic CF-54 Toughbook Laptop

Item #164-R9816

FEATURES

- CF-54 has 14" 10-pt gloved daylight readable touchscreen, 2.6 GHz i5 processor and is pre-configured for Windows 7, 64-bit OS and Internet Explorer 11 for complete compatibility with IDS
- Long-life battery (up to 11 hours)
- Emissive backlit keyboard
- Intel WiFi a/b/g/n/ac
- Trusted Platform Module (TPM) security chip v.1.2
- 3-year Panasonic Toughbook preferred warranty
- Magnesium alloy case helps it meet military standard 810G for 3' drop, shock, vibration, dust, etc.
- Free next day shipping

IDS Package Includes VCM II Kit, CFR Pendant and CF-54 Panasonic Toughbook

Item #164-R9817*

*software license sold separately

FEATURES

- The VCM II is designed to have comparable vehicle and model year coverage to the VCM
- All VCM IIs will operate as a Customer Flight Recorder (CFR) with an optional pendant cable 164-R9806 to replace the functionality of the Vehicle Data Recorder (VDR)
- Industry standardized J1962 Data Link Connector (DLC) and USB cables allow the user to realize a lower cost of ownership compared to the VCM
- Includes enhanced 802.11n wireless that minimizes dependencies on service department wireless infrastructure
- New wireless software integrated with IDS installation package
- Wireless functionality preferred for all IDS functions including module reprogramming. USB wired connections are only required to update the VCM II loaded code firmware and to set up the VCM II to function as a Customer Flight Recorder (CFR)
- Improved durability
- Smart Power Management system to protect the VCM II in extreme environments

Dell Latitude E5450 Laptop

Item #164-R9818

FEATURES

- Dell Latitude Business Series
- Windows 7 Professional 64-bit for complete IDS compatibility
- Intel Core i5-5200U processor
- 500GB serial ATA hard drive
- 14" HD anti-glare LCD screen
- Up to 14.5 hours of battery life
- 21-month Dell limited warranty

IDS Package Includes VCM II Kit, CFR Pendant and Dell Latitude E5450 Laptop

Item #164-R9819*

*software license sold separately

FEATURES

Ford Diesel Exhaust Fluid (DEF) Tester – Kit

Item #335-PA-201F-185-K

335-PA-201F-185-K
$410

Even concentration variations of as little as +/-0.8% will prevent a DEF fluid from meeting the specifications mandated by the International Standards Organization (ISO). DEF dilution or contamination can impact system performance, operating and maintenance costs. The Ford Diesel Exhaust Fluid (DEF/AdBlue) Tester is the only approved method for testing DEF fluid in Ford vehicles to ensure that it is within specified limits. It only takes a few drops of DEF, and a couple of seconds, to perform a test and obtain results precise to +/-0.1%.

FEATURES

- Measures concentration to +/-0.1%
- Requires only 1 or 2 drops of fluid
- Calibrates to water
- Stainless steel sample well
- Sapphire optics
- 1,024 element detector array
- 24-character backlit LCD display
- Made in the USA

INCLUDES

- Rubber armor jacket
- Rugged case

Diagnostic Charger With Printer and Cart

Item #162-GRX-3590 KIT

162-GRX-3590 KIT
$1,709
Regular $1,900

FEATURES

- Integrates battery testing and charging. Includes EXP 890 tester functionality. One tool for all of your battery problems
- Eliminates charge and retest decisions. Provides either a good or replace battery decision
- Uses diagnostic conductance charging to test the battery initially, during and after charging has completed
- Clean power supply for supporting battery during diagnostic and software upgrades
- Internal printer
- High-rate (0–60 amps) fast, safe, intelligent charging. ULC listed
- Recovery charging mode designed to recover deeply sulfated batteries
- Multiple battery test and charging algorithms (Standard, AGM, AGM Orbital, heavy-duty truck)
- Backlit menu driven display for user-friendly operation
- Can be used in or out of vehicle
- ACES battery warranty code generation

- Provides measured CCAs, amp hours accepted, time remaining outputs
- Top-off mode for the times when you want to get that battery fully-charged
- Special manual mode allows the technician to specify charging rates and times

Battery Analyzer With Integrated Printer and Soft-Sided Carrying Case

FSE PICK 162-EXP 890

Item #162-EXP 890

FEATURES

- NEW Software Update adds CCA to all results
- NEW Starting and Charging System testing
- NEW Streamlined menu for faster testing
- Dynamic Conductance Battery Testing Technology
- Combines direct temperature measurement with deep scan technology to improve accuracy and decisiveness
- Advanced preventative maintenance algorithms identify batteries approaching end-of-life
- Superior user interface
- Large graphical screen features icons and improved explanations
- Scroll bar capability reduces number of screens
- Hot keys improve logic and flow
- Printer enhances and reinforces the selling/service process

162-EXP 890
$835
Regular $936

SPECIFICATIONS

- **Applications:** 6- and 12-volt batteries
- **Battery Chemistries:** Regular (flooded); AGM Spiral; AGM and Gel
- **Test Leads:** 4' cable with HD dual conductor Kelvin clamps
- **Supported Languages:** English, French-Canadian and Spanish

55-Amp Power Supply Charger Kit

Item #162-PSC550S KIT

162-PSC550S KIT
$394

FEATURES

- Fully automatic, plug it in and forget it
- Simple to use, no dials or controls to set
- Fully regulated DC output prevents overcharging of battery (13.6-volt maximum)
- Works with 12-volt Flooded Lead Acid and AGM
- Switch-mode design reduces heat build-up in charger
- Reverse battery polarity protection for added safety

- Quiet, small and compact for portability
- High-quality, detachable cables for easy field service
- 55-amp output

inGEN Diagnostic Data Recorder

Item #162-iDR-10 KIT

FEATURES

- Uses a common data card for transferring or storing data
- User-defined events for identifying possible faults using Boolean functions
- Continuously samples at 50 millisecond intervals in full power
- Gives user the ability to record voltage and current from 20mA to 350 amps
- Included inGEN Diagnostic Analysis software package for data analysis and diagnostics
- Data card stores data as setup in the inGEN Diagnostic Analysis software

162-iDR-10 KIT
$1,800

SUPPLIED BY: OTC

2,200-Lb. Heavy-Duty Crane

Item #014-1819

FEATURES

- Adjustable leg spread for "close-in" work
- Telescoping boom extension for added reach
- Equipped with 2-speed hydraulic hand pump
- 16-7/8" lifting chain
- Fold-away for storage

Also Available

014-1820 4,400-lb. capacity floor crane – foldable
$4,052 Regular $4,229

LIFETIME WARRANTY

1,250-Lb. Powertrain Lift Table

Item #014-1585A

FEATURES

- Compact design and swivel casters for easy maneuverability
- Tilts 22° front-to-back and 17° side-to-side
- Height range is 29-1/2" to 68-1/2"
- Table size is 20-1/2" x 30-1/2"
- Powered by shop air

Also Available

SUPPLIED BY: **REUSABLE PRODUCT SOLUTIONS**

Reusable Seat Covers

Item #363-RSC-525-25BLUE or Item #363-RSC-525-25RED

Blue or Red Reusable Seat Cover made of high density polyester. It is made of durable polyester and has quadruple stitching on the top section for maximum lifespan with 2 nylon reinforcement bands. High impact and high visibility, dealerships are able to reuse them numerous times and save thousands of dollars by converting from plastic.

FEATURES

- Highly visible BLUE or RED color
- High-density durable polyester
- 2 handles for easy transport
- Easy-to-maintain
- Significant cost savings vs. plastic seat covers

With our full line of Reusable Seat Covers, you are getting the absolute best protection for the cars of your customers. High visibility and high impact, our Seat Covers are guaranteed to create a WOW factor in front of your customers. Two models to choose from: RSC-725 (Heavy Duty) or RSC-525 (Thin and Light Weight).

FEATURES

- Great return on investment
- Better protection and less damage on vehicles
- Improved CSI scores
- Substantial savings vs. disposable plastic
- Professional image

Item #363-RSC-725-25
